

MUSAC committee meeting 26th May 2010

7pm

Horse Shoe Inn

Agenda

Chairpersons Welcome

Treasurer's report

We have 4 new members and 3 people came along for the try dives. We have £7,444 in the bank and the pool fees from April 2010 have increased to £57.30 per let

Equipments officers report

All club cylinders have been serviced and up to date

Trainees must bring cylinders and all signed out kit back to club every Wednesday and re-sign out if needed at the end of the session.

The pool training officer and the Equipments Officer have reported problems with matching up the club regulators to our stab jackets, it seems that when regulators are being signed out they are being adapted and hoses changed, they are not being changed back before returning to the club. **This results in them not fitting the club jackets.** This has been very frustrating for the instructors and as a result from now on no one should remove or adapt anything on the regulators without first checking with the equipments officer when signing them out. It was also agreed that as the equipment is really there for training purposes qualified divers could only sign out club equipment **6 times in one year.** Carole to send a letter to the pool staff to say that the cupboard should only be accessed by the equipments officer or with his permission out with pool times.

Sandy is hoping to organise a training weekend to Tralee in February
